

Parental Controls

i-Guide provides a **Parental Controls** feature, which allows you to restrict viewing and purchases of TV programs and services based on your viewing preferences. To activate **Parental Controls** set a personalized 4-digit PIN to place **Locks** by movie rating, TV and content ratings, channels and titles. You can also hide adult titles from being displayed on-screen.

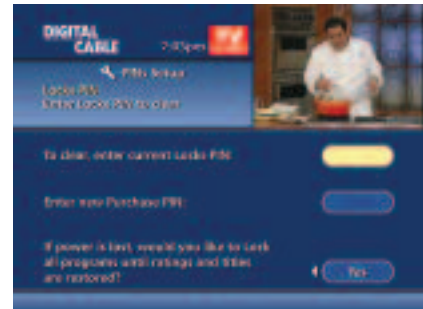

Parental Controls Setup

Locks can be set quickly in a variety of ways anytime while watching television or using the guide:

- Press the **LOCK** button on your remote.
- Select the  icon on the **Quick Menu** or **Info** screen to lock the current program or channel.
- Access **Parental Controls** from the **Main Menu** or **Setup Menu** to setup all **Locks**.

With any of these actions, if you have not set up a **PIN**, you'll be prompted to enter a 4-digit **PIN** to activate the **Locks** feature. If you have already set up a **PIN**, enter your number. (See Setup Section for more information on how to set up **PINs**.)

The **Parental Controls** features also provide you the opportunity to lock programs and movies by ratings and content.

From the **Parental Controls** button on the **Main Menu** filter your locks by **Movie Rating, TV Rating, TV Content, Channel, Title** or **Service**. Under **TV Content**, you can lock the level of explicit content based on your viewing preferences for Violence, Language, Sexual Situations, and Suggestive Dialogue.

In addition, select **Movie Ratings** or **TV Ratings** to block content by rating. The guide will automatically lock that rating and the more restrictive ratings. For example, when you lock PG-13, movies with R, NC-17 and Adult ratings will also be locked.
