Dear Waitsfield Cable Viewer,

Waitsfield Cable couldn't wait for you to get your hands on this Spring/Summer issue of *Cable Companion*. Why? Because it's filled with handy tips to help you, your family, and your guests enjoy all the TV entertainment options available.

One convenient new feature, called WatchTVEverywhere, lets you watch some of your favorite channels and programming from virtually any location and any device. You can read more about WatchTVEverywhere on page 7. Also in this issue, you'll find the go-to basics of our Digital Channel Guide and instructions for using the remote control and DVR Service. I suggest you keep this publication near your TV so you can always get your hands on it quickly.

Pictured on the cover are members of the Waitsfield Cable crew. This is a great opportunity for me to recognize the hands-on contributions these employees make to the installation and maintenance of our Waitsfield Cable infrastructure.

If you have any questions about Waitsfield Cable or would like to add optional services such as HDTV or DVR, please contact us. We're nearby and ready to help.

Sincerely,

Gregg Haskin
President & CEO
Waitsfield Cable

Use **One Remote** for Everything!

Did you know you can program your remote to operate your TV, VCR, DVD player, and audio equipment if you choose? Simply follow the instructions below and you'll be able to put away all those extra remotes.

Step 1

Visit the support section of our website at www.waitsfieldcable.com to find the equipment codes you would like to program. We recommend starting with your TV.

Step 2

Turn on your TV or other equipment you want to program.

Step 3

On your remote, press the TV button and the OK/SEL button simultaneously for 3 seconds. The Component LED light will turn on for 30 seconds indicating the unit is ready to be programmed.

Step 4

Point the remote toward your TV and enter the 3-digit code number assigned to your brand. If the 3-digit code number you entered is correct, your TV or the other equipment you are programming will turn off. If it did not turn off, continue entering the next code numbers until the device you are programming turns off.

Step 5

After you've entered the correct code number and the device you are programming has turned off, press the POWER button to turn the device back on. Now it's time to test the VOLUME and MUTE buttons for the TV to make sure they all work. If any of the functions do not work as they should, repeat from STEP 3 using the next 3-digit code number listed for that brand until you find the one that works.

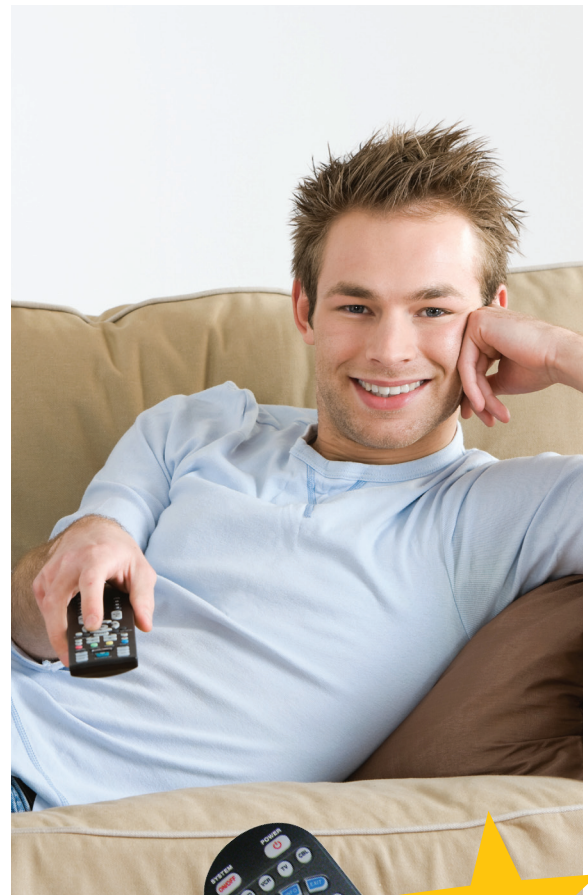

Step 6

Once you've found the correct 3-digit code, save it by pressing the same COMPONENT button one more time. The Component LED light will blink twice to confirm the code was successfully stored.

Step 7

Repeat the process for each piece of equipment you want to program.

As always, if you have questions, call Waitsfield Cable at 496-5800. We're here to help!

TOP REMOTE TIPS

If you're not even remotely a techie, these remote tips will have you up and running in no time:

- EXIT** Exit from current screen.
- PAGE +/-** Accesses pages above or below the information currently displayed.
- INFO** Displays information about the program currently playing or highlighted in the program guide.
- GUIDE** Displays the program guide listings.
- LAST** Returns to the previously tuned channel.

For additional instructions on using your Waitsfield Cable remote, visit www.waitsfieldcable.com or give us a call at 496-5800.

HIGH-DEFINITION TELEVISION SERVICE GIVES YOU MORE TO LOVE

More to See!

High-Definition Television Service (HDTV) from Waitsfield Cable offers you up to six times the resolution of traditional television images. You can watch full-screen versions of movies, see more of the big games, and experience truer colors with sharper details.

More to Hear!

Your ears are in for a real treat! HDTV further enhances your entertainment experience with high-quality digital sound, similar to what you hear at a movie theater.

More to Choose!

HDTV brings up to 66 HD channels to your home such as National Geographic HD, Travel Channel HD, ESPN HD, and NESN HD. The number of HD channels you'll receive will depend on which programming package you select. See page 5 for complete details.

To receive HD programming, you'll need a high-definition television set and an HD/DVR set-top box from Waitsfield Cable. Stop by our Waitsfield Cable Business Office on Route 100 during business hours to pick up a set-top box and sign up for HDTV.

Enjoy TV on Your Schedule With Our DVR Service

With Digital Video Recording (DVR) Service from Waitsfield Cable, you're in control. You can pause live TV programs and start them again when you're ready. Rewind and replay programs so you don't miss a beat. Record up to 90 hours of your favorite programs and movies to create a personal entertainment library to view at your convenience. And fast-forward through the boring stuff when watching recorded programs and save time.

Multiply Your Convenience with Multi-Room DVR

Don't let anything come between you and your recorded TV programs—not even the walls in your home! Subscribe to Multi-Room DVR Service to be able to watch recorded programs on any connected TV in your home. It also enables you to pause a recorded program in one room and then resume it in another—ideal for when you start getting sleepy and want to finish watching a movie in the bedroom.

Sign Up Now to Get Started

To order DVR Service, call Waitsfield Cable at 496-5800. If you'd like to use Multi-Room DVR Service, you'll need a Motorola DCX 3400M as your DVR box, and a DCX 700M set-top box for each TV that you want to connect. Stop by our Business Office or call us at the number above to get started.

Keep These DVR Directions Handy

Below are the basics of using DVR Service.

- **One-Touch Recording** - Press RECORD any time while watching TV or navigating through the guide for easy, no-hassle recording from anywhere.
- **Schedule a Recording** - From the Main Menu, or Quick Menu, select DVR. Select Set a Recording, start and end time, the day to record, and select.
- **View Recording** - From the Main Menu, select My Recordings. Search through and highlight title from list of recorded programs. Press OK to select the program.

Still have questions? Visit our website at www.waitsfieldcable.com for online user guides, tutorials, and additional DVR information.

WatchTVEverywhere

ON THE GO • ON ANY DEVICE

As a Waitsfield Cable Standard or Preferred customer, you have a convenient new way to enjoy TV. WatchTVEverywhere streams some of your favorite channels and programming—including live TV and full episodes of current TV shows—to your tablet, smartphone, laptop, or PC. And it works from anywhere you have an Internet signal, including around your house, inside the office, or at the airport! Best of all, WatchTVEverywhere is FREE with your qualifying Waitsfield Cable service.

To access this online content, you'll first need to register at www.watchteverywhere.com. It's quick and easy; just have your Waitsfield Cable account number handy and follow these steps:

1. Go to www.watchteverywhere.com.
2. Select Waitsfield Cable as your cable provider.
3. Click the Register link and complete the registration form.
4. Click on the link in the confirmation email you receive to activate your account.
5. Enjoy!

Streaming content from the following networks may be viewed on WatchTVEverywhere. The specific networks available to you will be based on your cable package subscription.

Fox News	MSNBC	TBS
Style	Nick	USA

BE STORM SAVVY WITH HOME ELECTRONICS

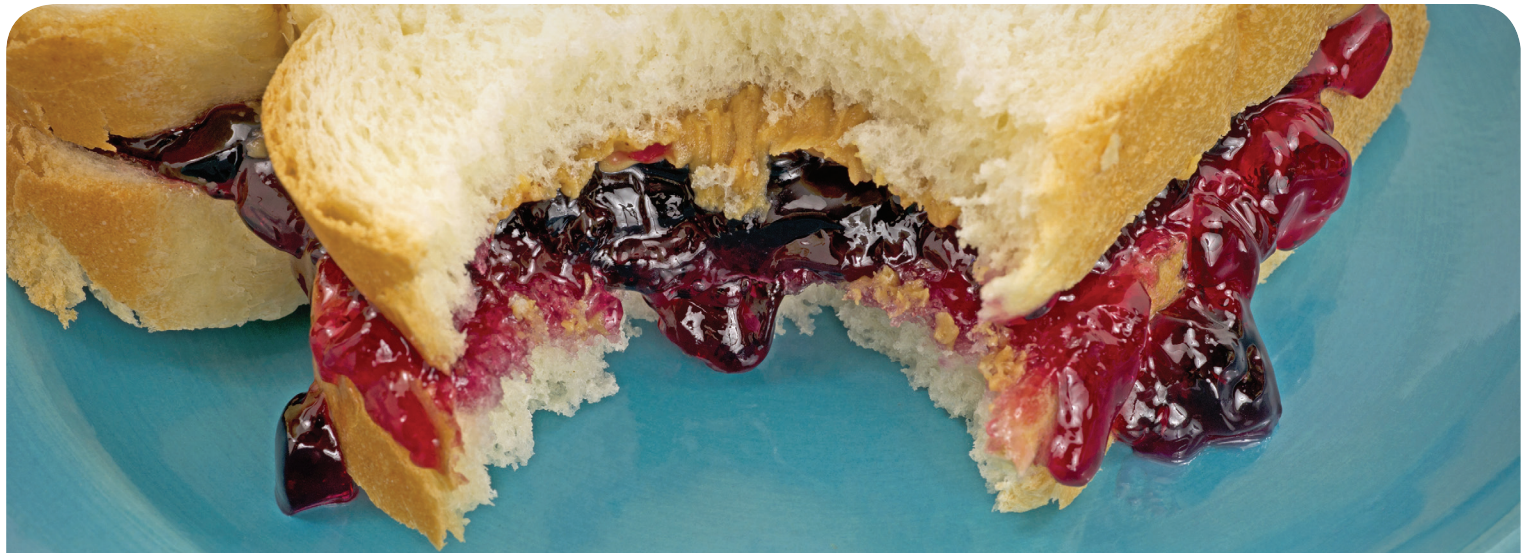

Thunderstorms can cause electrical outages and your home electronics could be damaged due to circuit overload when power is restored. In addition, lightning strikes and unpredictable voltage changes may result in a surge of power to your home.

The best way to protect your home electronics is to turn this equipment off and completely unplug it before the storm arrives. Follow these steps:

- Shut down your computer's operating system before powering it down. The procedure will vary slightly depending on the operating system. Unplug it from the outlet. Also unplug any computer peripherals like speakers or printers from outlets.
- Walk through your home, checking each electronic device. If TVs, stereos, and DVD players are protected by surge protectors or power strips, unplug them from the wall.
- Unplug cable boxes and cable modems from electrical outlets and disconnect the coax cable.

It only requires a few minutes to take these precautions, and they could save you money (not to mention headaches) once the storm has passed.

The **best combination** since peanut butter and jelly: **HD and DVR**

With an integrated HD/DVR set-top box from Waitsfield Cable, you get stunning high-definition picture quality plus convenient viewing controls. It's two wonderful technologies combined to form an even more wonderful way to watch TV.

Get a taste of how amazing Waitsfield Cable can be. Call our Customer Service Department at 802-496-5800 and sign up for an integrated HD/DVR set-top box for just \$14.95* monthly.

*A set-top box is required for each television. In order to receive HD programming, you will need a high-definition television set and an HD/DVR set-top box from Waitsfield Cable. HD/DVR service not available to Basic Service Subscribers. Applicable VT sales tax and public, educational, and government surcharges apply.
