Multi-Room DVR Service Now Available

Waitsfield Cable now offers Multi-Room DVR Service providing customers even more control over their television viewing experience. With Multi-Room DVR (Digital Video Recorder) Service, subscribers can watch recorded programs on any connected TV in their home. In addition to viewing DVR recordings on multiple TVs, subscribers can also pause a recorded program in one room and then resume it in another, schedule recordings, set parental controls and manage program choices on each connected TV.

To use Multi-Room DVR service you will need a Motorola DCX 3400M as your DVR box, and each TV that you want to connect requires a DCX 700M set-top box. Visit our website at www.waitsfieldcable.com for more information on compatible set-top boxes or call our Customer Service Department at 496-5800.

Programming Highlights

Premiering This Fall

Unforgettable (CBS)

Unforgettable stars Poppy Montgomery as Carrie Wells, an enigmatic former police detective with a rare condition that makes her memory so flawless that every place, every conversation, every moment of joy and every heartbreak is forever embedded in her mind. It's not just that she doesn't forget anything, she can't; except for one thing: the details that would help solve her sister's long-ago murder. Carrie tries to put her past behind her, but she's unexpectedly reunited

with her old boyfriend and NYPD partner. Despite her conflicted feelings for him, she decides to permanently join his unit as a detective solving homicides, most notably the unsolved murder of her sister. All she needs to do is remember. *Unforgettable* airs on Tuesdays at 10:00 p.m. on CBS, Waitsfield Cable channels 3 and 203 in HD.

Prime Suspect (NBC)

If being a homicide detective in New York isn't tough enough, having to contend with a male-dominated police department to get respect makes it that much tougher. And that's exactly what Jane Timoney has to do.

OK, we admit it.

The most spectacular show of the fall season can't be captured by our state-of-the-art Digital Video Recorder Service...

FLIP!

◀ *Continued from reverse side*

Jane is by no means perfect, and with her own vices and questionable past she can be forceful, willful, rude, and downright reckless. She's also a brilliant cop with an uncanny ability to see what others miss, and get inside a criminal's head like no one else. While she wouldn't admit it, she wants the respect of the men in her life — including her commanding officer, her fellow detectives, and her complicated boyfriend and his young son — but above all, she keeps her eye on one thing: the prime suspect. *Prime Suspect* airs on Thursdays at 10:00 p.m. on NBC, Waitsfield Cable channels 5 and 205 in HD.

Once Upon A Time (ABC)

And they all lived happily ever after, or so everyone was led to believe. Emma Swan knows how to take care of herself, but when Henry, the son she gave up ten years ago finds her, everything starts to change. Henry

believes that Emma actually comes from an alternate world and is Snow White and Prince Charming's missing daughter. Of course Emma doesn't believe a word, but when she brings Henry back to Storybrooke, she finds herself drawn to this unusual boy and his strange New England town, a place fairytale characters are alive. The epic battle for the future of all worlds is beginning, but for good

to win, Emma will have to accept her destiny and fight like hell. *Once Upon A Time* airs on Sundays at 8:00 p.m. on ABC, Waitsfield Cable channels 4 and 204 in HD.

Enlightened Coming To HBO

Enlightened is the new offbeat HBO series starring Laura Dern as Amy, a self-destructive health and beauty executive who has a very public workplace meltdown. After three months of contemplation and meditation at a treatment center in Hawaii, Amy returns rested and ready to pick up the pieces of her old life and reshape the world left behind. The series follows Amy as she navigates an unconventional path between who she is, who she wants to be and what everyone is willing to tolerate from her. *Enlightened* launches its ten-episode season on Monday, October 10th airing at 9:30 p.m. on HBO, Waitsfield Cable channels 400 and 360 in HD.
